

Materials

Fabrico relies on engineering expertise and sourcing power to fully support our customers' design engineers, helping them to select the best material for the intended use. Long-standing relationships with world-class vendors means we can offer the highest performance, most cost-effective materials on the market, including laminates, tapes, films, papers, foams, rubbers, and coated fabrics and mats.

Brands	Product Line	Type
3M™		Tapes: electrical, industrial, single- and double-coated, conductive foil, custom slit
3M™ IPT	CeQUIN® Thermal Shield™ ThermaVolt™ TufQUIN®	Laminates: DMD, CeQUIN with PET polyester film Papers: B-stage epoxy, inorganic insulation, dielectric, flame barrier
Adchem®		Tapes: adhesive transfer, medical, glazing
Arlon™		Laminates: DMD, NMN, RM, coated B-stage epoxy
Avery Dennison®	Fasson®	Papers: pressure-sensitive, coated, uncoated Foils: pressure-sensitive, coated, uncoated Films: pressure-sensitive, coated, uncoated
Chomerics™	CHO-FOIL® CHO-SEAL® CHO-THERM® SOFT-SHIELD®	Tapes: EMI and thermal management Foams: EMI and thermal management
Cottrell Paper Company, Inc.	Copaco®	Papers: Kraft, Copaco 125, vulcanized fiber
Covalence™		Tapes: splicing/laminating, OEM medical
DuPont™ AFS	Kevlar® Nomex®	Laminates: NMN, NKN, NMNE, Nomex 410, 411, 414, 418, 419 Papers: pressboard, creped Tags/Labels: Type N714, N716 Coated fabrics and mats: Nomex spunlaced
DuPont HPM	Cirlex® Kapton®	Films: Kapton MT, HN, FN, CR, CB
DuPont-Teijin®	Cronar® Melinex® Mylar® Teonex® Tetoron®	Films: polyester (PET), WC, EL, MO, HS, polyethylene naphthalate (PEN)
E-A-R Specialty Composites™	Isoloss® Tufcote®	Foams: acoustical, structural, vibration dampening
Fibertek™	RES-I-LAM™	Laminates: DMD
Flexcon		Tapes: pressure-sensitive, adhesive coated
Foamex®		Foams: flexible polyurethane
Hickory Springs		Foams: flexible polyurethane
Innofoam™		Foams: polyethylene
Intertape Polymer Group™		Tapes: electrical insulation, packaging, masking
Isovolta		Laminates: DMD, RM, NMN, Mica, coated cloth

Brands	Product Line	Type
ITW	Formex®	Films: FR Polypropylene
MacTac™		Tapes: transfer adhesives, medical, industrial
Mobil™	Bicor®	Films: BOPP, OPP, polypropylene, acrylic coated polypropylene, PVdC coated polypropylene, PVOH coated polypropylene
Nanya	PVC	Films: PVC
Nitto Denko Permacel®		Tapes: conductive foil, electrical insulation, masking, packaging, plating, shielding, thermal transfer adhesive, glass cloth
Pall Venting Media	Emflon® PTFE Pallflex® Supor® R Versapor® R	Films: treated PES, treated acrylic copolymer, hydrophobic
PPI		Tapes: electrical insulation, special constructions
Pucaro		Laminates: DMD, NMN, RMR, KM
Qycell™		Foams: cross-linked polyethylene, irrigated cross-linked polyethylene, microcellular bun
Raflatac™		Films: Kimdura®, Syn-thermal, polyester, BOPP Papers: semi gloss, high gloss, thermal transfer, laser
Rogers Corporation		Foams: Poron® Urethanes Rubber: Bisco® Silicones
Saint-Gobain	CHR COHlastic Furon™ Korel™ Normount™ Norseal™ ThermaCool™	Tapes: foam bonding, pressure-sensitive Films: Furon Foams: PVC foam gasketing, micro-cellular urethane gasketing Rubber: silicone rubber Coated fabrics and mats: silicone-coated fabrics
Sumitomo	SumiLite	Films: FR PVC, foil laminated PVC
Tesa®		Tapes: double-coated, foil, masking, packaging
Toyo Fibre Co, Ltd.		Papers: vulcanized fiber
Tyco		Tapes: cloth, duct, film, foil, paper
Von Roll	Acme Acuflex Therm-AI	Laminates: KM, NKN, NMN, RM, RMR, DMD Tapes: thermal transfer, mica Films: resin coated polyester (PET), coated polyimide (PI) Coated fabrics and mats: coated aramid mat, varnished cambric, varnished glass cloth
Westlake®	Ultrason® Victrex®	Films: polyetheretherketone (PEEK), polyethersulfone (PES)
